# 1 Introduction

This specification sets out the content and assessment details for our GCSE course in Drama. We have designed this specification to meet the requirements of:

- Northern Ireland GCSE Design Principles; and
- Northern Ireland GCE and GCSE Qualifications Criteria.

First teaching is from September 2017. We will make the first award based on this specification in Summer 2019.

This specification is a linear course. The guided learning hours, as for all our GCSEs, are 120 hours.

The specification supports the aim of the Northern Ireland Curriculum to empower young people to achieve their potential and to make informed and responsible decisions throughout their lives, as well as its objectives:

- to develop the young person as an individual;
- to develop the young person as a contributor to society; and
- to develop the young person as a contributor to the economy and environment.

If there are any major changes to this specification, we will notify centres in writing. The online version of the specification will always be the most up to date; to view and download this please go to [www.ccea.org.uk](http://www.ccea.org.uk)

## 1.1 Aims

This specification aims to encourage students to:

- develop a personal interest in drama and be motivated and inspired by a broad and coherent course of study;
- engage actively in studying drama so they develop as effective and independent learners and as critical and reflective thinkers with enquiring minds;
- work imaginatively and creatively in collaborative contexts, generating, developing and communicating ideas;
- analyse and evaluate their own work and the work of others;
- develop and demonstrate competence in a range of practical, creative and performance skills;
- develop skills that provide a basis for progression to employment or further study; and
- consider and explore the impact of social, historical and cultural influences on drama texts and activities.

## 1.2 Key features

The following are important features of this specification.

- It offers opportunities to build on the skills and capabilities developed through the delivery of the Northern Ireland Curriculum at Key Stage 3.
- It includes two internally assessed components, which together are worth 60 percent of the total marks.
- Students can choose performance **or** design for Components 1 and 2.
- Performance takes the form of acting.
- Design takes the form of one of the following: costume, lighting, multimedia, set or sound.
- Students sit a written examination on one set text, which is worth 40 percent of the total marks.

## 1.3 Prior attainment

Students do not need to have reached a particular level of attainment before beginning to study this specification.

## 1.4 Classification codes and subject combinations

Every specification has a national classification code that indicates its subject area. The classification code for this qualification is 5210.

Please note that if a student takes two qualifications with the same classification code, schools, colleges and universities that they apply to may take the view that they have achieved only one of the two GCSEs. The same may occur with any two GCSE qualifications that have a significant overlap in content, even if the classification codes are different. Because of this, students who have any doubts about their subject combinations should check with the schools, colleges and universities that they would like to attend before beginning their studies.

## 2 Specification at a Glance

### 3 Subject Content

We have divided this course into three components. The content of each component and the respective learning outcomes appear below.

#### 3.1 Component 1: Devised Performance

Students choose **either** a performance **or** design pathway. There is no requirement to choose the same pathway in both components. In response to pre-release stimulus material, students **either** devise and present a group performance **or** devise and give a design presentation. Those choosing the performance pathway are assessed on acting. Those choosing the design pathway are assessed on a presentation on their chosen design discipline. Design students must choose **one** of the following design disciplines (see Appendix 4 for exact requirements):

- costume;
- lighting;
- multimedia (use of image, sound, text and/or video);
- set; or
- sound.

All students complete a student log at the end of the devising process. See Section 6.4 for more details.

Please refer to Appendix 2 for the assessment criteria for this component.

### 3.2 Component 2: Scripted Performance

Students choose **either** a performance **or** a design pathway. There is no requirement to choose the same pathway in both components. Students research and prepare a performance of their chosen published play script. Those choosing the performance pathway are assessed on acting. Those choosing the design pathway are assessed on a presentation on their chosen design discipline. Design students must choose **one** of the following design disciplines (see Appendix 4 for exact requirements):

- costume;
- lighting;
- multimedia (use of image, sound, text and/or video);
- set; or
- sound.

Please refer to Appendix 3 for the assessment criteria for this component.

### 3.3 Component 3: Knowledge and Understanding of Drama

Students study a set text. They develop understanding of the text and elements such as the playwright's use of language, style and genre. They also explore contexts, and aspects of performance, production and design.

Assessment for this component is a **1 hour 30 minute** written examination.

For further details on assessment and set texts, see Section 4.6.

## 4 Scheme of Assessment

### 4.1 Assessment opportunities

For the availability of the examination and controlled assessments, see Section 2.

This is a linear specification; candidates must take all the assessments at the end of the course. Candidates who wish to improve their overall grade must retake the qualification. They must retake the externally assessed component, and they can either retake the controlled assessment components or reuse (carry forward) the controlled assessment marks they have already been awarded.

If candidates retake a controlled assessment component, they must complete the task(s) set for the series in which they are seeking a new grade. For up-to-date details on tasks, see your subject microsite at [www.ccea.org.uk](http://www.ccea.org.uk)

### 4.2 Assessment objectives

There are four assessment objectives for this specification. Candidates must:

- A01** create and develop ideas to communicate meaning for theatrical performance;
- A02** apply theatrical skills to realise artistic intentions in live performance;
- A03** demonstrate knowledge and understanding of how drama and theatre is developed and performed; and
- A04** analyse and evaluate their own work and the work of others.

### 4.3 Assessment objective weightings

The table below sets out the assessment objective weightings for each assessment component and the overall GCSE qualification.

Assessment Objective	Component Weighting (%)			Overall Weighting (%)
	Controlled Assessment		External Assessment	
	Component 1	Component 2	Component 3	
<b>A01</b>	15	5		20
<b>A02</b>		30		30
<b>A03</b>			30	30
<b>A04</b>	10		10	20
<b>Total Weighting</b>	25	35	40	100

## 4.4 Quality of written communication

In GCSE Drama, candidates must demonstrate their quality of written communication in the written examination. They need to:

- ensure that text is legible and that spelling, punctuation and grammar are accurate so that meaning is clear;
- select and use a form and style of writing that suit their purpose and complex subject matter; and
- organise information clearly and coherently, using specialist vocabulary where appropriate.

Quality of written communication is assessed in responses to questions and tasks that require extended writing.

## 4.5 Reporting and grading

We award GCSE qualifications on a grade scale from A\* to G, with A\* being the highest. The nine grades available are as follows:

<b>Grade</b>	A*	A	B	C*	C	D	E	F	G
--------------	----	---	---	----	---	---	---	---	---

If candidates fail to attain a grade G or above, we report their result as unclassified (U).

## 4.6 External assessment

### Component 3: Knowledge and Understanding of Drama

#### Set texts

Candidates must study **one** of the following set texts:

- William Shakespeare, *A Midsummer Night's Dream*;
- Sean O'Casey, *Juno and the Paycock*;
- Arthur Miller, *The Crucible*;
- Brian Friel, *Philadelphia, Here I Come!*;
- Christina Reid, *Tea in a China Cup*;
- Willy Russell, *Blood Brothers*;
- Joan Lingard and David Ian Neville, *Across the Barricades*; or
- Philip Ridley, *Sparkleshark*.

Candidates may use an unmarked copy of the text during the examination.

#### Examination timings

Candidates sit a written examination paper lasting **1 hour 30 minutes** and answer questions on their chosen set text.

### Examination content

The examination includes questions on the following, based on the chosen set text:

- research information on the background of the set text;
- the effectiveness of design in a live or recorded theatrical event linked to the set text;
- character costumes at given moments;
- justification of ideas;
- staging of an extract;
- mood and context;
- rehearsal techniques; and
- performance techniques.

Examination questions based on characters focus on one of the following characters for each set text:

- *A Midsummer Night's Dream* – Hermia, Helena, Demetrius, Lysander, Titania, Oberon, Puck or Bottom;
- *Juno and the Paycock* – Boyle, Juno, Mary, Johnny, Joxer, Mrs Madigan, Jerry or Bentham;
- *The Crucible* – Parris, Tituba, Abigail, Proctor, Elizabeth, Mary Warren, Danforth or Giles Corey;
- *Philadelphia, Here I Come!* – Public, Private, Madge, S.B., Kate, Boyle, Lizzie or Canon;
- *Tea in a China Cup* – Sarah, Beth, Theresa, Grandmother, Grandfather, Maisie, Samuel or Clerk;
- *Blood Brothers* – Mrs Johnstone, Mickey, Edward, Mrs Lyons, Mr Lyons, Sammy, Linda or Narrator;
- *Across the Barricades* – Sadie, Kevin, Brede, Tommy, Mr Jackson, Mrs Jackson, Brian or Linda; or
- *Sparkleshark* – Jake, Polly, Natasha, Carol, Russell, Buzz, Speed or Shane.

## 5 Grade Descriptions

Grade descriptions are provided to give a general indication of the standards of achievement likely to have been shown by candidates awarded particular grades. The descriptions must be interpreted in relation to the content in the specification; they are not designed to define that content. The grade awarded depends in practice upon the extent to which the candidate has met the assessment objectives overall. Shortcomings in some aspects of candidates' performance in the assessment may be balanced by better performances in others.

Grade	Description
<b>A</b>	<p>For AO1, candidates create and develop a devised performance that fully communicates meaning with purpose and originality.</p> <p>For AO2, candidates apply theatrical skills with flair and imagination to realise fully their artistic intentions for their scripted performance.</p> <p>For AO3, candidates' responses in the written examination demonstrate thorough knowledge and understanding of how drama is developed and performed.</p> <p>For AO4, candidates' analysis and evaluation of their own work and the work of others is highly competent and fully developed.</p> <p>The quality of written communication is excellent.</p>
<b>C</b>	<p>For AO1, candidates create and develop a devised performance that communicates meaning.</p> <p>For AO2, candidates apply theatrical skills to realise most of their artistic intentions for their scripted performance.</p> <p>For AO3, candidates' responses in the written examination demonstrate clear knowledge and understanding of how drama is developed and performed.</p> <p>For AO4, candidates' analysis and evaluation of their own work and the work of others is competent.</p> <p>The quality of written communication is acceptable.</p>

Grade	Description
<b>F</b>	<p>For AO1, candidates communicate some meaning in the devised performance; however, their work lacks development.</p> <p>For AO2, candidates' application of theatrical skills to realise their artistic intentions for the scripted performance is limited.</p> <p>For AO3, candidates' responses in the written examination demonstrate a simple knowledge and understanding of how drama is developed and performed.</p> <p>For AO4, candidates' analysis and evaluation of their own work and the work of others is basic.</p> <p>The written communication lacks competence.</p>

## 6 Guidance on Controlled Assessment

### 6.1 Controlled assessment review

We will review our controlled assessment tasks every year to ensure that they continue to set an appropriate challenge and remain valid, reliable and stimulating.

### 6.2 Skills assessed by controlled assessment

Teachers must assess the following skills through controlled assessment:

- researching and investigating;
- devising;
- designing;
- self-management;
- working with others;
- performing;
- presenting; and
- analysing and evaluating.

### 6.3 Level of control

Rules for controlled assessment in GCSE Drama are defined for the three stages of the assessment:

- task setting;
- task taking; and
- task marking.

### 6.4 Task setting

The level of control for task setting for Component 1: Devised Performance is medium. This means that the centre sets the task. For Component 2: Scripted Performance, the level of control is medium, as the centre sets the task through their choice of script for performance.

Centres have the opportunity to contextualise the controlled assessment tasks to suit their specific circumstances. This includes the availability of and access to resources.

We will provide centres with details of controlled assessment tasks and guidance on how to complete and submit them.

## Component 1: Devised Performance

Candidates create, develop and realise a devised performance from pre-release stimulus material.

### Choice of pathway

Candidates must choose **either** a performance **or** design pathway for this component.

Candidates following a performance pathway are assessed on **acting**. Candidates following a design pathway choose **one** of the following design disciplines:

- costume;
- lighting;
- multimedia (use of image, sound, text and/or video);
- set; or
- sound.

For performance students, Component 1 assesses the following skills:

- investigating and interpreting a chosen stimulus;
- using research to create original drama;
- self-management and working with others;
- communicating meaning for a target audience through performance; and
- analysing and evaluating their own and others' work.

For design students, Component 1 assesses the following skills:

- investigating and interpreting a stimulus;
- using research to create an original design;
- self-management and working with others;
- communicating meaning for a target audience through design; and
- analysing and evaluating their own and others' work.

There is no requirement to have a design student in a group. Groups that include design students must not include more than one design candidate for each design discipline.

### Pre-release stimulus material

We issue this in November of the first year of study. Candidates select one of three stimuli from the pre-release stimulus material:

- Stimulus 1 based on a **theme**; or
- Stimulus 2 based on **literary influences**; or
- Stimulus 3 based on **artistic influences**.

Candidates must work in groups of between **two** and **six** to develop a range of ideas drawn from research on the chosen stimulus, including style and genre, the work of theatre practitioners and current professional practice. Candidates must consider their target audience as they create and develop their ideas. They may use elements

of existing repertoire drawn from literature, including play scripts other than the set texts.

### **Developing the performance and/or design presentation**

Performance candidates should refine their ideas and shape their work until they have compiled the final material for the devised performance.

Design candidates should refine their ideas into a final product to support the devised performance. Design candidates present their design before the performance begins.

### **Timings**

Performance candidates perform their devised performance for a **minimum of 10 minutes** for a group of **two** and a **maximum of 30 minutes** for a group of **six**. Each performance candidate must perform for a **minimum of 5 minutes**.

Each design candidate's presentation must last **between 5 and 7 minutes**.

### **Student log**

Candidates record a summary analysis and evaluation of their own and others' work in their student log, which should be in written form and may contain images. It must include:

- Section 1: an analysis and evaluation of the **process of devising** a performance by investigating the pre-release stimulus material (maximum 500 words);
- Section 2: an analysis and evaluation of the **research influences** that contributed to the overall concept for the devised performance (maximum 500 words);  
and
- Section 3: an analysis and evaluation of **self-management and working with others** (maximum 1000 words).

Candidates should complete their student log under controlled conditions at the end of the devising process. The student log should be no longer than 2000 words. It must include a bibliography of sources that the candidate used. The bibliography is not included in the overall word count and no marks are awarded for it.

Candidates may produce the student log in either handwritten or word processed format. In the word processed format, they must use the typeface Arial, font size 12 and single line spacing. Further guidance on the student log is available on our Drama microsite at [www.ccea.org.uk](http://www.ccea.org.uk)

### **Recording**

For the final assessment, all performances and presentations must be recorded using a fixed camera as close as possible to the candidates. At the start of the performance or presentation, each candidate must identify themselves by name, candidate number and centre number. Centres must send all unedited recordings to us by the deadline we set each year. Further guidance on submission and recording formats will be available on our Drama microsite at [www.ccea.org.uk](http://www.ccea.org.uk)

## Component 2: Scripted Performance

### Choice of pathway

Candidates must choose **either** a performance **or** design pathway for this component.

Candidates following a performance pathway are assessed on **acting**. Candidates following a design pathway choose **one** of the following design disciplines:

- costume;
- lighting;
- multimedia (use of image, sound, text and/or video);
- set; or
- sound.

Candidates must **work in groups of** between **two** and **six** to choose a script to perform that is different from their set text. (Refer to Section 4.6 for the list of set texts.)

There is no requirement to have a design student in a group. Groups that include design students must not include more than one design candidate for each design discipline.

### Developing the performance and/or design presentation

When preparing for performance, candidates investigate a range of texts to ensure that the final choice suits the skills of the group. Candidates must choose a script of a published play written for theatrical performance. They may edit a script for performance, but they must not add lines. Candidates carry out research to understand their chosen script's background and context, including style and genre.

Performance candidates use drama strategies to explore character and meaning. They rehearse to develop and refine their skills of:

- voice;
- movement;
- facial expression;
- characterisation;
- conveying style and genre; and
- realising artistic intentions.

Design candidates experiment with ideas and concepts, developing and refining their skills of:

- creating a design concept;
- developing and refining initial ideas;
- applying ideas to design outcomes;
- using and manipulating materials and equipment;
- conveying style and genre; and
- realising artistic intentions.

There should be no more than **one** design candidate for each design discipline in any group. There is no requirement to have a design candidate in a group.

### **Timings**

Performance candidates perform their scripted performance for a **minimum of 10 minutes** for a group of **two** and a **maximum of 30 minutes** for a group of **six**.

If there are design candidates in the group, they must deliver their presentations before the performance begins. Each design candidate's presentation must last **between 5 and 7 minutes**.

### **Submitting work**

Centres must submit an Artistic Intentions Record Sheet for each performance group by the end of February of the year in which the component is assessed. The record sheet should describe the artistic intentions for all candidates in the group performance. The group's teacher must complete the record sheet. A copy of the record sheet is available in the Controlled Assessment section of our GCSE Drama microsite at [www.ccea.org.uk](http://www.ccea.org.uk)

### **Recording**

Performances and presentations for all candidates should be recorded in full at internal standardisation. The performances and presentations should be recorded again at external moderation for all externally moderated candidates. All recordings should be made using a fixed camera situated as close as possible to the performers and/or presenters.

At the beginning of the performance or presentation, each candidate must identify themselves by name, candidate number and centre number. Centres must send all unedited recordings to us by the deadline we set each year. We will issue further guidance on submission and recording formats on our Drama microsite at [www.ccea.org.uk](http://www.ccea.org.uk)

## 6.5 Task taking

The level of control for task taking is medium.

## 6.6 Task marking

The level of control for task marking is medium. Teachers mark the controlled assessment tasks using assessment criteria that we provide. They should use professional judgement to select and apply the criteria in each successive mark band appropriately and fairly to candidates' work. They should follow a 'best fit' approach when selecting a candidate's mark, making allowance for balancing strengths and weaknesses in each response.

Teachers must ensure that the work they mark is the candidate's own. For up-to-date advice on plagiarism, or any kind of candidate malpractice, see *Suspected Malpractice in Examinations and Assessments: Policies and Procedures* on the Joint Council for Qualifications website at [www.jcq.org.uk](http://www.jcq.org.uk)

## 6.7 Internal standardisation

Centres with more than one teaching group must carry out internal standardisation of controlled assessment tasks before submitting their marks to us. This is to ensure, as far as possible, that each teacher has applied the assessment criteria consistently when marking assessments. Centres may need to adjust an individual teacher's marking:

- to bring assessments into line with those of other teachers in the centre; and
- to match the standards established at the agreement trial.

If marks do change, centres must amend the total/final mark on their Candidate Record Sheet.

## 6.8 Moderation

Centres must submit their marks and samples for Component 1: Devised Performance by the deadline we set each year. We may adjust centres' marking to bring the assessment of the candidates' work in line with our agreed standards.

For Component 2: Scripted Performance, our visiting moderators carry out moderation. Moderators and nominated teachers jointly assess a sample of candidates. If the marks the teacher awards are acceptable, the moderator confirms the controlled assessment marks. If they are not acceptable, the moderator may recommend an adjustment to the centre's marks. We adjust the centre's marks if there is a significant mismatch between the moderator's assessments and those of the teachers.

We issue full instructions each year on:

- our moderation procedures;
- which samples we require; and
- the deadlines for submitting marks and samples to us.

Teachers and centre staff may contact us at any stage if they require advice, assistance or support relating to any aspect of controlled assessment.

## **6.9 Drafting/Redrafting**

Teachers must not correct candidates' work in detail and return it to them to write up a fair copy. Responsibility for drafting a piece of work towards completion lies entirely with the candidate. Once a candidate has submitted the controlled assessment and it has been awarded a mark, that mark is final. The candidate may not carry out further work.

**See Appendix 1 for a glossary of controlled assessment terms.** For more details, see the Joint Council for Qualifications document *Instructions for Conducting Controlled Assessments*, available at [www.jcq.org.uk](http://www.jcq.org.uk)

## 7 Curriculum Objectives

This specification builds on the learning experiences from Key Stage 3 as required for the statutory Northern Ireland Curriculum. It also offers opportunities for students to contribute to the aim and objectives of the Curriculum at Key Stage 4 and to continue to develop the Cross-Curricular Skills and the Thinking Skills and Personal Capabilities. The extent of the development of these skills and capabilities will be dependent on the teaching and learning methodology used.

### 7.1 Cross-Curricular Skills at Key Stage 4

#### Communication

Students should be able to:

- communicate meaning, feelings and viewpoints in a logical and coherent manner, *for example by presenting their work to an audience through the devised and scripted performances and in their responses to questions in the written examination;*
- make oral and written summaries, reports and presentations, taking account of audience and purpose, *for example through a written summary, in their student log, of analytical and evaluative information for the devised performance;*
- participate in discussions, debates and interviews, *for example group discussion about the choice of materials for the devised and scripted performances;*
- interpret, analyse and present information in oral, written and ICT formats, *for example through ideas expressed in the devised and scripted performances, in responses to questions in the written examination and as summative information contained in the student log; and*
- explore and respond, both imaginatively and creatively, to a variety of texts, *for example by developing ideas for design, performance and direction of the set text, and in exploring material selected for the devised and scripted performances.*

### Using Mathematics

Students should be able to:

- use mental computation to calculate, estimate and make predictions in a range of simulated and real-life contexts, *for example calculating intensity levels of lighting and sound;*
- select and apply mathematical concepts and problem-solving strategies in a range of simulated and real-life contexts, *for example developing designs to scale, including set and costume designs;*
- interpret and analyse a wide range of mathematical data, *for example understanding stage positions, lighting angles, set build and ergonomics, and use of proxemics;* and
- present mathematical data in a variety of formats which take account of audience and purpose, *for example timing of performances.*

### Using ICT

Students should be able to make effective use of information and communications technology in a wide variety of contexts to access, manage, select and present information, *for example:*

- *researching the set text and materials selected for the devised and scripted performance;*
- *experiencing live and recorded drama and understanding how to use digital technologies to design and deliver drama;*
- *exploring the effects of multimedia and ICT on drama;*
- *recording performance work using digital technologies;*
- *designing for performance using digital technologies;* and
- *compiling written documents using word processing tools.*

## 7.2 Thinking Skills and Personal Capabilities at Key Stage 4

### Self-Management

Students should be able to:

- plan work, *for example researching chosen set texts and completing the student log;*
- set personal learning goals and targets to meet deadlines, *for example compiling a rehearsal schedule for the devised and scripted performances;*
- monitor, review and evaluate their progress and improve their learning, *for example by creating a study plan for the written examination and by completing the self-evaluative section of the student log;* and
- effectively manage their time, *for example working individually to learn lines and directions or complete design ideas for performance deadlines.*

### Working with Others

Students should be able to:

- learn with and from others through co-operation, *for example through devising, planning and rehearsing in groups of 2–6;*
- participate in effective teams and accept responsibility for achieving collective goals, *for example through the group rehearsal and performance of devised and scripted performances;* and
- listen actively to others and influence group thinking and decision-making, taking account of others' opinions, *for example through group negotiation of the choice of stimulus for the devised performance.*

### Problem Solving

Students should be able to:

- identify and analyse relationships and patterns, *for example understand the relationship between characters in the set and chosen texts;*
- propose justified explanations, *for example use research findings to justify decisions about the choice of materials for the devised performance;*
- reason, form opinions and justify their views, *for example justifying performance and design ideas for their set text in the written examination;*
- analyse critically and assess evidence to understand how information or evidence can be used to serve different purposes or agendas, *for example in the written examination, analysing and evaluating live or recorded drama applied in a new context;*
- analyse and evaluate multiple perspectives, *for example analysing others' devised performances in the student log;* and
- explore unfamiliar views without prejudice, *for example when researching the pre-release stimulus material and then creating the devised performance based on it.*

Although not referred to separately as a statutory requirement at Key Stage 4 in the Northern Ireland Curriculum, **Managing Information** and **Being Creative** may also remain relevant to learning.

## 8 Links and Support

### 8.1 Support

The following resources are available to support this specification:

- our Drama microsite at [www.ccea.org.uk](http://www.ccea.org.uk) and
- specimen assessment materials.

We also intend to provide:

- past papers;
- mark schemes;
- Chief Examiner's reports;
- Principal Moderator's reports;
- planning frameworks;
- centre support visits;
- support days for teachers;
- agreement trials;
- controlled assessment guidance for teachers;
- controlled assessment guidance for candidates;
- a resource list; and
- exemplification of examination performance.

### 8.2 Examination entries

Entry codes for this subject and details on how to make entries are available on our Qualifications Administration Handbook microsite, which you can access at [www.ccea.org.uk](http://www.ccea.org.uk)

Alternatively, you can telephone our Examination Entries, Results and Certification team using the contact details provided.

### 8.3 Equality and inclusion

We have considered the requirements of equality legislation in developing this specification and designed it to be as free as possible from ethnic, gender, religious, political and other forms of bias.

GCSE qualifications often require the assessment of a broad range of competences. This is because they are general qualifications that prepare students for a wide range of occupations and higher level courses.

During the development process, an external equality panel reviewed the specification to identify any potential barriers to equality and inclusion. Where appropriate, we have considered measures to support access and mitigate barriers.

We can make reasonable adjustments for students with disabilities to reduce barriers to accessing assessments. For this reason, very few students will have a complete barrier to any part of the assessment.

It is important to note that where access arrangements are permitted, they must not be used in any way that undermines the integrity of the assessment. You can find information on reasonable adjustments in the Joint Council for Qualifications document *Access Arrangements and Reasonable Adjustments*, available at [www.jcq.org.uk](http://www.jcq.org.uk)

## Appendix 1

### Glossary of Terms for Controlled Assessment Regulations

Term	Definition
Component	<p>A discrete, assessable element within a controlled assessment/qualification that is not itself formally reported and for which the awarding organisation records the marks</p> <p>May contain one or more tasks</p>
Controlled assessment	A form of internal assessment where the control levels are set for each stage of the assessment process: task setting, task taking, and task marking
External assessment	A form of independent assessment in which question papers, assignments and tasks are set by the awarding organisation, taken under specified conditions (including detailed supervision and duration) and marked by the awarding organisation
Formal supervision <b>(High level of control)</b>	The candidate must be in direct sight of the supervisor at all times. Use of resources and interaction with other students is tightly prescribed.
Informal supervision <b>(Medium level of control)</b>	<p>Questions/Tasks are outlined, the use of resources is not tightly prescribed and assessable outcomes may be informed by group work.</p> <p>Supervision is confined to:</p> <ul style="list-style-type: none"> <li>• ensuring that the contributions of individual candidates are recorded accurately; and</li> <li>• ensuring that plagiarism does not take place.</li> </ul> <p>The supervisor may provide limited guidance to candidates.</p>
Limited supervision <b>(Limited level of control)</b>	Requirements are clearly specified, but some work may be completed without direct supervision and will not contribute directly to assessable outcomes.

Term	Definition
Mark scheme	<p>A scheme detailing how credit is to be awarded in relation to a particular unit, component or task</p> <p>Normally characterises acceptable answers or levels of response to questions/tasks or parts of questions/tasks and identifies the amount of credit each attracts</p> <p>May also include information about unacceptable answers</p>
Task	<p>A discrete element of external or controlled assessment that may include examinations, assignments, practical activities and projects</p>
Task marking	<p>Specifies the way in which credit is awarded for candidates' outcomes</p> <p>Involves the use of mark schemes and/or marking criteria produced by the awarding organisation</p>
Task setting	<p>The specification of the assessment requirements</p> <p>Tasks may be set by awarding organisations and/or teachers. Teacher-set tasks must be developed in line with awarding organisation specified requirements.</p>
Task taking	<p>The conditions for candidate support and supervision, and the authentication of candidates' work</p> <p>Task taking may involve different parameters from those used in traditional written examinations. For example, candidates may be allowed supervised access to sources such as the internet.</p>
Unit	<p>The smallest part of a qualification that is formally reported</p> <p>May comprise separately assessed components</p>

## Appendix 4

### Requirements for Design Students in Component 1 and Component 2

#### Component 1: Devised Performance

*A01: Create and develop ideas to communicate meaning for theatrical performance*

In their 5–7 minute presentation, candidates must:

- explain their design concept;
- present a summary of their research on the pre-release stimulus material, and their influences from design styles and professional practice;
- discuss their initial ideas and explain, referring to materials and resources, how they shaped these from research into the final design outcome;
- explain how their final design outcome contributed to the effectiveness of the devised performance; and
- explain how their final design outcome communicated meaning in the devised performance through one of the following:
  - costume: one costume for a character;
  - lighting: a lighting plot with cues;
  - multimedia: a multimedia plot with cues;
  - set: the stage set; or
  - sound: a sound plot with cues.

**The final design outcome is used in the devised performance. Candidates are assessed on how they communicate meaning for theatrical performance through their presentation and final design outcome. Candidates also complete the student log.**

#### Component 2: Scripted Performance

*A02: Apply theatrical skills to realise artistic intentions in live performance*

##### Costume

The candidate is assessed on their presentation and on **one costume** worn by an actor in the scripted performance. The candidate is also assessed in performance on how they use materials and equipment in the realisation of their design concept.

In their 5–7 minute presentation, candidates must show:

- in Section 1, a design concept indicating the requirements for two costumes, taking account of the background and context of the script, including style and genre;
- in Section 2, a rationale for the selection of one costume, including ideas from research on the choice of costume style, taking account of character, the script's context and the candidate's design concept;

- in Section 3, an outline of the process of applying the design concept to communicate meaning and realise artistic intentions, including four annotated sketches and/or photographs of the selected costume ideas; and
- in Section 4, the final costume design, including annotated sketches and/or photographs.

### **Lighting**

The candidate is assessed on their presentation and on **the lighting design** in the scripted performance, including the use of materials and equipment in the realisation of the design. It is not necessary for the candidate to operate the lights during the performance.

In their 5–7 minute presentation, candidates must show:

- in Section 1, a design concept indicating all lighting requirements of the performance, taking account of the background and context, including style and genre of the script;
- in Section 2, a rationale for four selected lighting states, including ideas from research on the choice of state to reflect mood, context and concept;
- in Section 3, an outline of the process of applying the design concept to communicate meaning and realise artistic intentions, including annotated sketches and/or photographs of the selected lighting ideas; and
- in Section 4, the final lighting design plot, including the four selected lighting states, with all cues identified.

### **Multimedia** (use of image, sound, text and/or video)

The candidate is assessed on their presentation and on **the multimedia design** in the scripted performance, including the use of materials and equipment in the realisation of the design. It is not necessary for the candidate to operate equipment during the performance.

In their 5–7 minute presentation, candidates must show:

- in Section 1, a design concept indicating all multimedia requirements of the performance, taking account of the background, style and genre of the script;
- in Section 2, a rationale for four selected multimedia states, including ideas from research on the choice of state to reflect mood, context and concept;
- in Section 3, an outline of the process of applying the design concept to communicate meaning and realise artistic intentions, including annotated sketches and/or photographs of the selected multimedia ideas; and
- in Section 4, the final multimedia design plot, including the four different multimedia states, with all cues identified.

### **Set**

The candidate is assessed on their presentation and on **the set design** in the scripted performance, including the use of materials and equipment in the realisation of the design.

In their 5–7 minute presentation, candidates must show:

- in Section 1, a design concept indicating all set requirements for the performance, taking account of the background, style and genre of the script;
- in Section 2, a rationale for the selected set, including ideas from research on the choice of set style to reflect mood, context and concept;
- in Section 3, an outline of the process of applying the design concept to communicate meaning and realise artistic intentions, including annotated sketches and/or photographs of the selected set design ideas; and
- in Section 4, a model set of the final set design.

### **Sound**

The candidate is assessed on their presentation and on **the sound design** in the scripted performance, including the use of materials and equipment in the realisation of the design. It is not necessary for the candidate to operate the sound during the performance.

In their 5–7 minute presentation, candidates must show:

- in Section 1, a design concept indicating all sound requirements for the performance, taking account of the background, style and genre of the script;
- in Section 2, a rationale for four selected sound states, including ideas from research on the choice of state to reflect mood, context and concept;
- in Section 3, an outline of the process of applying the design concept to communicate meaning and realise artistic intentions, including sample recordings of the selected sound design ideas; and
- in Section 4, the final sound plot with all cues identified, including the four different sound states.
