June 2020

Dear Parent

I hope this email finds you well.

The Education Team at the RNLI has been unable to continue with our normal Water Safety Education activity in schools and youth groups across the UK due to the Covid-19 pandemic. We do realise however that as families prepare for the summer months ahead people will be heading to the beaches, inland waters and the coastline to enjoy the sun, the freedom post pandemic, and time to be with friends and family.

At this time, our key water safety messages are more important than ever and so we are asking you to partner with us to keep your family safe. Please click on the link below or copy and paste it into your internet browser to find our **Water Safety from Home** pages containing lots of vital information to help you enjoy a safe and relaxing summer with your loved ones.

<https://rnli.org/youth-education/water-safety-from-home>

We have also set up a joint [Beach Safety Campaign](#) with the Coastguard and once again I would ask you to share this vital lifesaving link below as widely as possible.

<https://rnli.org/pages/beach2020>

Please remember that this summer, Lifeguards cannot be on every beach, meaning a heightened water safety risk to beach goers, so help us save lives by sharing this email with your family and friends and share these links on social media. Together we can save lives.

Kindest regards,

Paul

Paul Rafferty
Water Safety Education Manager
