YEAR 12 WINTER EXAMINATIONS & ASSESSMENT SCHEDULE 2021

This document is your guide to the arrangements for the Year 12 Winter Examinations 2021, which are scheduled from Monday 22nd November to Friday 10th December 2021. All examinations, both internal and external, as well as coursework portfolio clinics are very important, as it will allow your teachers to get an accurate indication of your performance, so that they can continue to support her effectively in the preparation for the final Summer 2022 GCSE/L2 examinations. Therefore, it is crucial you approach the examination period with a serious mindset and maximum effort. The outcome of these examinations will play a large part in determining what you will be able to do in the next stage of your education, training or employment.

In summary arrangements are as follows:

- Y12 GCSE External Module examinations take place from **Monday 22nd November to Thursday 2nd December 2021**. These examinations are for Mathematics, English and Science **only**.
- During GCSE External Module examinations, **you will follow your usual timetable apart from times indicated on the timetable for home study or additional revision sessions**.

We have purposefully built in some **home study** to further support you, not only to cope more effectively with the demands of the examinations that can affect you both academically and personally, but also for you to get recharged and prepared to continue to present to your best throughout the examination period.
